Joe Cormier
ION Networking
55 Pine Drive
Windham, Maine 04062

Dear Joe,

ION Networking has made a positive impact on our office operations and administrative needs. When issues arise you have a quick response time and always seem to take care in our business as if it were your own. I appreciate that you offer suggestions on how to improve our systems' efficiency and security and take the time to teach us certain basic operations so that we don't have to call for all of the little things. You are knowledgeable and courteous, and I know that I can count on you and your team at ION Networking.

Best regards,

David H. Cook
President & Owner
